Ex. 6 Personal Privacy (PP)

RE: December 8, 2016 Letter Expressing Concerns about the Proposed Dewey-Burdock Uranium In-Situ Recovery Project in Custer and Fall River Counties, South Dakota

Dear Ms. Ex. 6 Personal Privacy (PP)

The U.S. Environmental Protection Agency Region 8 (EPA) has reviewed the concerns described in your letter dated December 8, 2016. We appreciate the information you provided in your letter.

The EPA will contact you once we issue our draft permit decisions. This will initiate the public comment period when the Administrative Record will be available for public review. We request that you review this information when it becomes available, as it may address the concerns that you have raised. To the extent that it does not, we would encourage you to provide your comments and concerns during the public comment period. We plan to include your letter as part of the public record for these UIC permitting actions.

We will be in contact with you as soon as the public comment period begins for the Dewey-Burdock UIC draft permits. If you have further questions, please contact Douglas Minter at 303.312.6079 or Valois Shea at 303.312.6276.

Thank you,

Jody

Subject: Letter from constituent Linsey McLean

Hi Jody,

I'm glad I was able to catch you on the phone this afternoon. Welcome to your new position!

Please find attached a letter to Administrator McGrath from [Ex. 6 Personal Privacy (PP)] who represents a group of concerned citizens from the Edgemont, SD, area. As you will note, they have a few questions regarding the potential issuance of a draft permit for injection wells at the Dewey Burdock Area near Edgemont.

Senator Thune would appreciate you reviewing Ms. [Ex. 6 Personal Privacy (PP)] questions and responding to her (and copying me) with the response from Region 8.

Thank you for your time and attention to this matter.

Sincerely,

Mark Haugen
